4. Click in the Title Box.

5. You can choose different fonts by selecting Font from the Format menu or by pulling down on fonts in the Formatting Bar. You can also select the size and style. **TIP:** By using the Formatting Bar, you will be able to see the font style.

6. Choose a font, size, color and style. Type your title. For this workshop, type World Travel. You can also add a subtitle. Type Sights and Sounds.

Inserting a Picture

1. Click on New Slide in the Common Tasks window or New Slide from the Insert menu. The short cut is Ctrl+M. **TIP:** Sometimes this window gets hidden. Knowing the short cut will save you a lot of frustration trying to figure out how to make a new slide or how to get the Common Task Window to display again.

2. Choose the Clip Art and Text slide.

3. Insert clip art on your slide by double clicking on the icon or selecting picture from clip art in the Insert menu.

4. Choose travel and then the Leaning Tower from the clip art gallery.

5. The clip art is automatically inserted in the box. Choose the font, size, and style. Then, type the title: Leaning Tower of Pisa.

6. Notice in the text box (see screen shot in Step #5) that there is a bullet. This might be fine for listing items, but when you want to type a paragraph, this feature can be annoying. To eliminate bullets, click on the text box. Choose Bullets and Numbering from the Format menu. Click on None and then OK.

7. Type the following in the text box. Be sure to hit enter at the end of each line so the text will line up on the left. After the Leaning Tower of Pisa is shored up, workers say it will lean 19 feet. Type Leaning Tower of Pisa in the Title box.

Inserting a Sound File

1. Click on New Slide in the Common Tasks window or New Slide from the Insert menu. The short cut is Ctrl+M. **TIP:** Sometimes this window gets hidden. Knowing the short cut will save you a lot of frustration trying to figure out how to make a new slide or how to get the Common Task Window to display again.

5. Right click on $CARB_1$ and select insert. Close the window.

6. Choose whether or not you want the sound to play automatically or when you click it. You can further customize the order in which objects are played or displayed on your slide by going to custom animation under the Slide Show Menu. You will learn more about custom animation when you insert a movie.

Inserting a Movie

1. Click on New Slide in the Common Tasks window or New Slide from the Insert menu. The short cut is Ctrl+M. **TIP:** Sometimes this window gets hidden. Knowing the short cut will save you a lot of frustration trying to figure out how to make a new slide or how to get the Common Task Window to display again.

3. Right click on the image and select insert. Close the window and return to the slide show.

4. In order for the animation to play, you must set the controls for how it will be played. Highlight the movie. Select Custom Animation from the Slide Show menu.

Check the box next to your movie object. Then, choose the effects you want the movie to exhibit such as flying in from the left before it is played. Finally, set the order in which items on your slide will be displayed and whether or not they will appear automatically or on a mouse click.

Transitions

Transitions between slides will make the show look more professional. The transition you choose will precede the slide.

1. Go to your first slide, then select Slide Transition from the Slide Show menu.

2. Choose the effect and speed you want for the transition. Choose whether or not you want to advance each slide with the mouse or automatically. You can also have a sound effect between slides. Then, click Apply for the current slide or Apply to All for every slide.

Saving the File

1. Save your file often. Select Save As from the File menu. Pull down on the arrow and choose Presentation as the file type (ppt). Name the file and click on Save.

2. To save it as a slide show, select Save As from the File menu. Pull down on the arrow and choose PowerPoint Show as the file type (pps). Name the file and click on Save.

Viewing the Slide Show

Select View Show from the Slide Show menu.
